

LOCAL HARVEST @ JEWELL GARDENS

*Are you interested in eating
delicious, fresh-picked,
organically grown and
locally produced fruits & vegetables?*

You could eat food filled with vital nutrients and minerals,
reduce your dependence on fossil fuels, and support your local economy
while doing it!

Help support ecological agriculture by signing up for **Skagway's own CSA
(Community Supported Agriculture)**...coming to our community from Jewell
Gardens this 2009 summer season.

Why not participate in a grass-roots effort that connects local growers
and consumers?!

We're ready to make it happen.

Come to our Informative Meeting:

Sunday ~ March 22 @ 2 pm ~ The Library

Contact *Charlotte Jewell @ 612.0115* or *Emily Willis @ 612.0104*
If unable to attend meeting but would like more information.

**"Community is formed by people who are acting in cooperation with
one another."**

--Jeannette Armstrong
